

# UDL Forward!

Engage with UDL fundamentals and practice free technology tools that can be applied to remote and in-person learning contexts, used to support families, and easy to generalize to a broad range of users and purposes. **Sign up for each event you want to attend.** Events are open to any educator in Wisconsin - from any public and private school.

**Project Goals:** Use UDL principles to design learning experiences that build expert learners.

## List of Technology Tools for UDL Blasts

Follow link to register for that event.

**September 11, 7:00 am - Flipgrid**
